

REIME HEALTH AND SAFETY POLICY STATEMENT

The management of Reime acknowledges that all our activities have the potential to harm our employees, customers and all other people that we may get into contact with directly or indirectly. We firmly believe that all people have the right to live and work in a safe environment that is not detrimental to their health and safety during the execution of our activities.

To fulfill our contracts as a telecommunications solution provider we will during the supply of material, performing of construction work or any other related activities for our clients, the management of Reime and our employees have committed themselves to the following:

- ❖ Implementation of a Health and Safety Management Plan that will comply with the requirements of OHS 18001:2007,
- ❖ Continually identify and target significant Health and Safety risks and will implement appropriate corrective and preventative actions to manage these risks,
- ❖ Prevention of injury and ill health and continual improvement in OH&S management and OH&S performance.
- ❖ Complying with applicable local, provincial and national legislation and with directives received from our clients that will ensure improved safe working procedures,
- ❖ Involving and obtaining participation from employees, to create a safety awareness and caring culture which shall be supported by the relevant training to ensure the effectiveness of our Health and Safety Management Plan,
- ❖ Ensuring that sub-contractors, who perform work for Reime are included in our Safety Management System and that compliance is monitored,

The management of Reime shall continually communicate the content of this policy to their employees and will on a quarterly basis have a formal review of this Policy and the Health and Safety Management Plan to ensure the continuous improvement to our commitment to Health and Safety.

Yunus Yangin
